

# Centre for Sustainable Agriculture and Environment (CSAE)

A R&D Centre of PHSS Foundation for Science and Society, Lucknow

([www.phssfoundation.org](http://www.phssfoundation.org))

## Notification

### About us:

Centre for Sustainable Agriculture and Environment (CSAE) is a R&D institution within PHSS Foundation for Science and Society, an NGO registered in Lucknow. The Centre is dedicated to work in the field of agricultural sustainability, water conservation, ecological restoration, and rural development.

We invite applications by the eligible candidates for a position of Project Manager for the Centre.

The responsibilities include:

- To Identify funding opportunities.
- Developing relationships and collaborations with key stakeholders.
- Displaying adherence to the organization's Vision and Mission.
- To write, submit and manage grant proposals.
- Good with MS Office Word and Excel.
- Excellent organizational and writing skills.
- Good Co-ordination with the leadership and colleagues in the Centre and the Foundation.

**Qualification:** At least Post Graduation with minimum three years' experience in grant proposal writing, data handling and analysis, field research and leadership.

**Salary:** Salary will be based on qualification and work experience.

**Working options:** One can work full time from the office of the centre or project writing work can be done from home; both options will be available.

The interested candidates can send their CV with the desired documents by email [csae.phss@gmail.com](mailto:csae.phss@gmail.com) up to 30/04/2024.

The shortlisted candidates will be invited for an interaction with Core Committee of the Centre, which will be informed by email.

Krishnanand Singh  
Administrative Officer  
CSAE, Lucknow
